Science	Year 1	Animals including humans – all about me

Human Skeleton	Human Organs
Body Parts	5 Senses

Key Vocabulary			
	The top part of a human or an animal's body.		Vibrations, or sound waves, that we can hear.
	The whole of a human or animal, including the head, brain, heart, legs and arms.		Moving organ in the mouth that is used for talking, tasting, eating and licking.
	The control centre of the body.		The sense by which sweet, sour, bitter, or salty flavours are detected through taste buds in the tongue.
	The black spot in the middle of the eye that lets in light, colour and shapes.		The organs, or body parts, in humans and many other animals that allow them to hear.
